Sir:

Pursuant to 37 C.F.R. § 1.221(b), Applicants hereby request that the publication of the above-referenced application (Publication No. US 2007/0208007 A1, published September 6, 2007) be corrected.

At numeral (30) on the front page of US 2007/0208007 A1 the filing date of Japanese priority application no. 2004-350599 is indicated to be Mar. 12, 2004. This is incorrect. As set forth in the unexecuted Declaration filed September 5, 2006, and the executed Declaration filed on October 30, 2006 (a copy of which is attached hereto), the correct filing date of Japanese priority application no. 2004-350599 is Dec. 3, 2004, not Mar. 12, 2004.

Applicants submit that the error set forth above is a material mistake wherefore correction of the present patent application publication is warranted. Applicants further note that the present request is being submitted within the two-month period from the patent application publication (set to expire November 6, 2007) prescribed by 37 C.F.R. § 1.221(b),

While it is believed that no fees are required for the requested correction of the patent application publication, the U.S. Patent and Trademark Office is hereby authorized to charge any fees which may be deemed necessary to Deposit Account No. 19-0089 (MOEG-P100 P33287).
